Application of the Pasadena Avenue Monterey Road Committee for variance of General Order 143B and authority to explore and enter into negotiations for consideration and implementation pursuant to Public Utilities Code (PUC) §§ 1202, 7604 as a pilot project as permitted by SB 1491.

Application 03-01-013  
(Filed January 16, 2003)

**ADMINISTRATIVE LAW JUDGE'S RULING REVISING SCHEDULE**

This application was filed by the Pasadena Avenue Monterey Road Committee (PAMRC), requesting that variances from some of the requirements of General Order (GO) 143-B be applied to the Gold Line in the City of South Pasadena (City). The Los Angeles County Metropolitan Transportation Authority (LACMTA), the operator of the Gold Line, filed a protest on February 20, 2003. The City has also appeared in this proceeding, aligning itself with PAMRC.

At the second prehearing conference (PHC) in this matter, held July 29, 2003, the parties agreed to change the schedule for the distribution of testimony and the date of the evidentiary hearing (EH) in order to allow time for study of the current noise conditions in the vicinity of the Gold Line in the City. The parties also agreed to schedule time for the filing of any motions directed to the testimony.

In view of the more extended schedule, the times for filing of briefs and submission of the case will be set at the EH. It is anticipated that this matter will be resolved within the 18-month guideline for ratesetting proceedings.
